To Whom It May Concern:

Anita's Kitchen has been working with Synergies Plus Solutions (SPS) for the past seven years. It is *with absolute* confidence we can recommend the SPS team to any organization.

SPS has been an effective and trusted partner. Their professional team took the time to understand our business needs and developed a comprehensive program. SPS provides personal and professional service and promptly resolves any issues that may occur.

SPS continues to exceed our expectations. Again, it is with confidence we recommend SPS for your entity.

Sincerely,
