To Whom It May Concern:

I am so glad I made the switch to processing my patients' credit card transactions to Synergies Plus Solutions. The monthly statements are easy to read and understand and we've been saving money each month because of the competitive rate that Synergies Plus Solutions offers. In addition, the customer service department is excellent if ever there are any issues. Every aspect of working with Synergies Plus Solutions is a pleasure and our staff finds the system extremely user friendly!

The partnership Synergies Plus Solutions has with the University of Detroit Mercy Dental School has been an added bonus, knowing that I'm supporting my alma mater each day in the normal course of running my practice.

I'm very grateful for the program that UDM Dental put together with Synergies Plus Solutions. Thank you!

Sincerely,

Mary M. Fisher, DDS PC
